

FOX 7

Since 1988

Attention Huron/Mitchell Over-The-Air Viewers

Sioux Falls, SD October 1, 2020 - KTTM recently reconfigured the reception for the Over-The-Air (OTA) signal in the Huron/ Mitchell area. At this point, 7.1 (FOX), 7.2 (ThisTV), and 7.3 (COZI) have been 100% restored. In some cases, viewers may have to do a “hard reboot.” Follow these steps on how to do a hard re-boot;

- 1. Unplug all electronic devices from the wall**
- 2. Wait 10 minutes**
- 3. Plug all electronic devices back in**
- 4. Re-Scan**

At this point, all three networks should be restored. If that is not the case, please feel free to call Scott Nelson at 800-568-4340, ext. #114. If he does not answer, leave a voicemail with your contact info and he will follow-up.
